A Workspace That Blends Charm and Sophistication

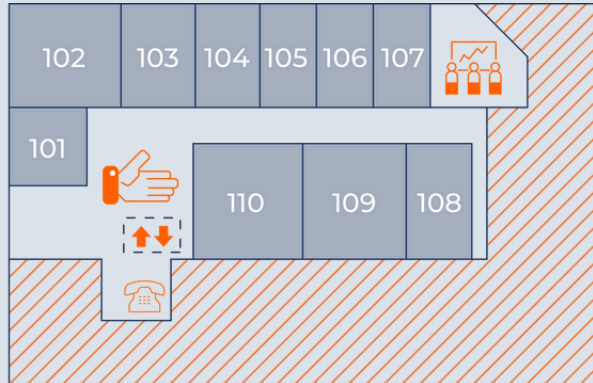

Nestled in The Foundry, a premier Class A office building, Carr Workplaces Georgetown offers a unique blend of tranquility and accessibility. With a private entrance and a prime location along the historic C&O Canal, this workspace provides a quieter, more refined option for your business operations—just minutes from downtown DC. Featuring skylights, exposed brick, and modern design, our space is both inviting and impressive, making it ideal for hosting clients or simply getting things done. While you'll enjoy the peace of a charming neighborhood, you're also steps from Georgetown's vibrant scene, including top-tier dining, boutique shopping, lively nightlife, and the scenic waterfront park. It's where business meets charm—where work feels effortless.

CLIENT REVIEW

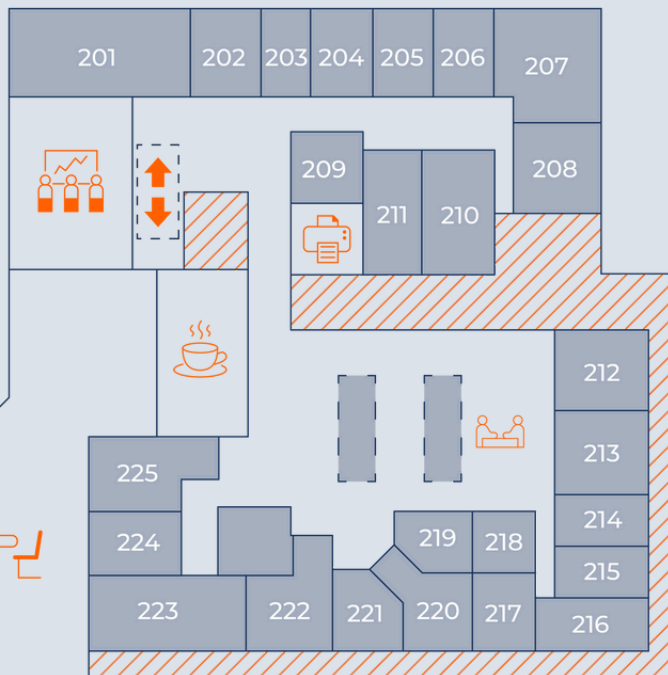

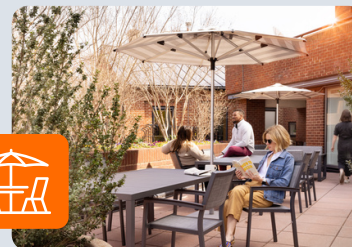

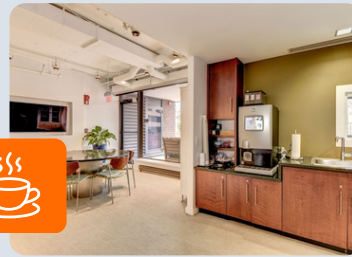

Carr Workplaces is not just a shared workspace, it has been the start of a community for our company. We joined about two months ago and the staff that I've engaged with have been nothing but helpful. From day one, they've been incredibly accommodating and made the transition seamless. The atmosphere is welcoming, and the location is perfect for our needs. Thank you for doing what you do!
